

# Do more with Dragon® Professional Anywhere

**7** ways to improve your workday with AI-powered speech recognition for social services

**1**

## Work faster and smarter—all by voice

3x faster than typing notes, reports, and case files—authoring documentation by voice accelerates productivity for caseworkers.

**2**

## Optimized documentation accuracy

Dictate detailed documentation with 99% accuracy. Dragon Professional Anywhere works on any modern Windows PC.

**3**

## Automate your workflow

Streamline your documentation by adding customized templates and social-work specific language to improve workflows and efficiencies.

**4**

## Cloud-based mobility

Cloud-based technology means that you can manage your casework anywhere. Flexible enough to use wherever an Internet connection exists—no desk required.

**5**

## Secure and compliant workflows

Built-in encryption supports HIPAA compliance and helps keep social worker casework secure.

**6**

## Share customizations with confidence

Customizations—like an Auto-text—created in Dragon Professional Anywhere can be synchronized with other Dragon solutions, like the companion mobile app.

**7**

## Achieve more, in less time

Speed, accuracy and flexibility mean you're doing more in less time. That leaves more face time with children and families—and more time for caseworkers.

## Unmatched outcomes for social workers

Dragon Professional Anywhere empowers agencies to increase productivity and improve the work-life balance for their caseworkers.

**2 HRS**

saved per case worker per shift with clients

**5 OF 7**

social workers submit case notes faster with Dragon

**6 OF 7**

social workers believe their case notes are more detailed with Dragon
